Oral and Maxillofacial
Surgery Pearls

A One-of-a-Kind Weekend
Continuing Education by Day
The French Quarter Festival into the Night

OMS Pearls
Friday – Saturday, April 13-14, 2012

The 29th Annual
French Quarter Festival
Thursday – Sunday, April 12-15, 2012

In New Orleans, Louisiana
The OMS Pearls Conference faculty features ten outstanding educators and practitioners in oral and maxillofacial surgery and 10 hours of CDE credit over two days. Participants are also invited to meet for a cocktail hour Friday evening. Both days of CE also include free continental breakfasts, breaks, and lunches.

Course topics include:
- Ambulatory Anesthesia Pearls I: Case-based Review of Techniques and Complications
- Ambulatory Anesthesia Pearls II: What Can the SimMan Teach Us?
- Cosmetic Office Pearls for OMS
- Current Concepts in Bone Grafting For Implants and Reconstruction
- Diagnosis and Non-Surgical Management of TMD
- Maintaining a Full Scope Surgery Practice in the Current Healthcare Environment
- Surgical Pearls for Implant Restorations

Each presentation will conclude with a brief discussion with the speaker, moderator, and audience.

The Louisiana Society of Oral and Maxillofacial Surgeons and The LSU Oral and Maxillofacial Surgery Alumni Associations from the programs in New Orleans and Shreveport are proud to join the Jack Kent Oral and Maxillofacial Surgery Foundation (JKOMSF) in sponsoring OMS Pearls.

The JKOMSF was created through the efforts of a core group of concerned LSU OMS Alumni Association members for the purpose of supporting the teaching, research, and service goals of the LSU OMS department. The JKOMSF is a 501(c)(3) organization, and all donations are tax-deductible.

John N. Kent DDS, FACP, FICD, was Boyd Professor and head of the LSU OMS programs in New Orleans (35 years) and Shreveport (25 years). An authority in orthognathic surgery and dental-facial reconstruction, Dr. Kent has received multiple awards, including the AAOMS Research Recognition Award, Geis Foundation Award, and American College of Oral and Maxillofacial Surgeons Harry Archer Award. He is a Fulbright Scholar and is a past president of the Louisiana Society of OMS, Southeastern Society of OMS, and the American Board of Oral and Maxillofacial Surgery.

CDE Credit
CDE credit awarded for participation in the OMS Pearls Conference may not apply toward license renewal in all states or meet the requirements of other governing bodies. It is the responsibility of each oral surgeon to verify the requirements of his or her state or governmental licensing board. LSU Continuing Dental Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/goto/cerp. LSU Continuing Dental Education designates the OMS Pearls Conference for a maximum number of 10 credit hours of clinical CDE credit.
French Quarter Festival
Largest Free Festival in the South

After each day of continuing dental education, you will want to head to the French Quarter and soak up one of our city’s best kept secrets: the French Quarter Festival. April 12 marks the beginning of the 29th annual event, which ends after dark on Sunday, April 15. The festival offers local music, food, crafts, and special events, all presented in a one-of-a-kind neighborhood – the historic French Quarter.

With 20 music stages, festival-goers can walk from block to block hearing every genre of music – from traditional and contemporary jazz to R&B and New Orleans funk, brass bands, folk, gospel, classical, opera, Cajun Zydeco, Latin, and international. There’s even a musical stage for children. You’ll also have a chance to sample from over 90 food and beverage booths featuring authentic local cuisine from renowned area restaurants and shop for local crafts and art.

Visit www.fqfi.org to sign up for the festival’s mailing list and receive updates when the music schedule is announced.

Go Online to Book Your Hotel

JW Marriott New Orleans is the host hotel for OMS Pearls.

Because of our special $229 rate, the hotel’s location, and the fact that all conference sessions will be held at JW Marriott New Orleans, why would you want to stay anywhere else? A hotel with old-world charm, JW Marriott is located on Canal Street, just walking distance from the excitement and fun of the French Quarter Festival. In addition, the hotel is conveniently located near world-famous restaurants, popular night spots, and the Mississippi River. For a map, directions, a photo tour of the hotel, and a visitor’s guide for New Orleans, log onto www.marriott.com/msyjw or register by calling 1.888.364.1200 and asking for the LSULSUA block through March 26, 2012. Wireless internet service is available in public areas of the hotel. Rooms are wired with high-speed internet available for a daily fee.

Please make your travel and hotel reservations as early as possible—ROOMS ARE LIMITED AT THE SPECIAL $229 RATE. To find out more about what will be going on in New Orleans while you are in town, log onto www.visitneworleans.info or call 1.800.672.6124, Monday – Friday, 8:30 AM 5:00 PM Central Time.

FRIDAY, APRIL 13

8:00 AM - 8:45 AM  Registration and Continental Breakfast

8:45 AM - 9:00 AM  Dr. Eric Geist, Opening Remarks

9:00 AM - 10:30 AM  Surgical Pearls for Implant Restorations
  Dr. Dan Spagnoli, Moderator
  Dr. Mike Block, Speaker

Dr. Block will present several methods that can be used to augment the ridge, improve soft tissue stability and quality on esthetic restorations, improve efficiency when delivering full-arch provisionals, and correct some interesting implant adverse events. At the conclusion of this presentation, the attendees should be able to 1) use tunneling for ridge augmentation, 2) augment a concave ridge with particulate material with minimal morbidity, 3) perform a simultaneous socket graft and CT graft to an esthetic site, and 4) diagnose and treat a failed implant site in the esthetic zone.

10:30 AM - 11:00 AM  Break

11:00 AM - 12:00 noon  Current Concepts in Bone Grafting for Implants and Reconstruction, Part I
  Dr. Mike Block, Moderator
  Dr. Dan Spagnoli, Speaker

Dr. Spagnoli will discuss implant surface nanotopography and how that surface interacts with bone as a construct and attachment surface. The lecture will cover how implant-mediated stress and strain lead to crosstalk to osteoblasts that is mediated via the extracellular matrix and specific cell receptors. This lecture will also explain the mechanisms by which implants maintain the implant bone interface.

12:00 noon - 1:00 PM  Lunch

1:00 PM - 2:00 PM  Current Concepts in Bone Grafting for Implants and Reconstruction, Part II
  Dr. Mike Block, Moderator
  Dr. Dan Spagnoli, Speaker

Dr. Spagnoli will continue his discussion on current concepts in bone grafting, focusing on principles of de novo bone regeneration and the application of those principles to alveolar bone regeneration for implants.

2:00 PM - 3:00 PM  Diagnosis and Non-Surgical Management of Temporomandibular Disorders (TMD)
  Dr. John Kent, Moderator
  Dr. Henry Gremillion, Speaker

The majority of patients experiencing arthrogenous and/or myogenous TMD can be managed effectively by using reversible, non-surgical approaches. Recent advances in the understanding of pain pathophysiology involving the masticatory system provide scientific rationale for development of case-specific plans of management that may involve physical, pharmaco-therapeutic, and/or psychological components. This presentation will provide information regarding non-surgical management considerations and outcomes.

5:30 PM - 6:30 PM  Cocktail Hour at the JW Marriott
SATURDAY, APRIL 14

8:00 AM - 8:30 AM  Continental Breakfast

8:30 AM - 10:00 AM  Cosmetic Office Pearls for OMS
Dr. Myron Tucker, Moderator
Dr. Jon Perenack, Speaker

Over the past five to ten years, numerous advancements in conservative techniques for facial rejuvenation have arrived in the United States. This lecture will discuss the newest options available for clinic-provided facial revolumizing, including hyaluronic acids, calcium hydroxyapatite, poly-L lactic acid, methyl methacrylates, and free fat transfer. Skin rejuvenation and muscle modulation with neurotoxins will also be discussed. Appropriate diagnosis and treatment planning with follow-up and complication management will be detailed.

10:00 AM - 10:30 AM  Break

10:30 AM - 12:00 NOON  Ambulatory Anesthesia Pearls Part I: Case-based Review of Techniques and Complications
Dr. Likith Reddy, Moderator
Dr. Stuart Lieblich, Speaker

The provision of ambulatory anesthesia is a vital component of the practice of oral and maxillofacial surgery. Patient evaluations, medications, and determining patients amenable to treatment in an office setting will be discussed. Throughout the program, Dr. Lieblich will review actual case scenarios to illustrate various issues. Included in the discussions will be recommendations on local anesthetic use and integrating oral sedation into an oral surgery practice. Pearls will include dealing with the anxious pediatric patient, pre-emptive analgesia, and avoiding medical errors that can adversely affect an OMS practice.

12:00 NOON - 1:30 PM  Louisiana Society of Oral and Maxillofacial Surgeons Business Meeting and Lunch

1:30 PM - 2:30 PM  Maintaining a Full Scope Surgery Practice in the Current Healthcare Environment
Dr. Myron Tucker, Moderator
Dr. Brian Farrell, Speaker

There has been a dramatic decline in the number of orthognathic surgery cases as a result of decreasing reimbursement from insurance providers and escalating healthcare costs. Healthcare changes have affected and continue to affect all aspects of our daily practice. Maintaining a full scope surgery practice requires constant effort and resources to stay in front of these changes. Preserving the volume of major surgical cases will require a diligent pursuit of available insurance coverage, frequent delivery of care in an office setting, and efforts to control cost so treatment remains affordable. The delivery of safe, efficient, cost-effective anesthesia and surgical services in an office environment will aid in maintaining the volume and scope of our oral and maxillofacial surgery practices.

2:30 PM - 3:30 PM  Ambulatory Anesthesia Pearls Part II: What Can the SimMan Teach Us?
Dr. Likith Reddy, Moderator
Dr. Stuart Lieblich, Speaker

Dr. Lieblich will continue his discussion on ambulatory anesthesia pearls, focusing on lessons we can learn from the SimMan.

3:30 PM  Dr. John Kent, Closing Remarks
Dr. Block attained a BA in biology and a BS in biomedical engineering from the University of Rochester. He completed his dental training at the Harvard School of Dental Medicine, where he earned his DMD cum laude. He completed his residency program in oral and maxillofacial surgery at the LSU School of Dentistry. A professor in the Department of Oral and Maxillofacial Surgery at LSUSD, he is also in private practice. Dr. Block is past president of the Academy of Osseointegration and serves on the American Association of Oral and Maxillofacial Surgeons Committee on Continuing Education.

Dr. Farrell received his DDS from the University of Iowa College of Dentistry and completed medical school in conjunction with postgraduate training at Louisiana State University in New Orleans. After receiving his MD, he completed his oral and maxillofacial surgery residency at Louisiana State University Health Sciences Center and now practices in Charlotte with University Oral and Maxillofacial Surgery. Dr. Farrell is an assistant clinical professor with LSU School of Dentistry assisting in resident training.

Dr. Gremillion received his DDS from LSU and completed a fellowship in craniomandibular dysfunction at the University of Florida. He maintained a general dental practice in Cottonport, Louisiana, for over a decade. He served as director of the Parker E. Mahan Facial Pain Center at the University of Florida College of Dentistry. He has also lectured extensively in the United States and abroad and has authored or co-authored over 60 scientific articles in the field of orofacial pain.

Dr. Perenack has received board certifications from the American Board of Cosmetic Surgery in Facial Cosmetic Surgery and the American Board of Oral and Maxillofacial Surgery. He completed his fellowship training at the Facial Plastic and Cosmetic Surgery Center in Texas after completing a six year residency at LSU Health Sciences Center. He completed medical school at LSU – New Orleans, with honors as a member of the Alpha Omega Alpha Honor Society. Dr. Perenack is a full-time faculty member of the LSU Department of Oral and Maxillofacial Surgery. Dr. Perenack's practice is primarily devoted to facial cosmetic and reconstructive surgery.

Dr. Spagnoli graduated from West Virginia Wesleyan College with a BS in biology and a minor in chemistry. He received his MS in anatomy and his PhD in anatomy from West Virginia University School of Medicine. He completed a post-doctorate fellowship in cell biology at the University of Pittsburgh and graduated from West Virginia School of Dentistry with a DDS. He completed residency training in oral and maxillofacial surgery at Louisiana State University. Dr. Spagnoli is active in research related to growth factors and tissue engineering and has recently completed four research projects.
OMS PEARLS • New Orleans • April 13-14, 2012 • Course #12-12

Conference Cost $625 Includes continental breakfast and lunch

Need More Information? Call LSU Continuing Dental Education at 504.941.8193 Mondays through Fridays between 8:00 AM and 4:30 PM Central Time, or email Elsa Hodges at Elsa.Hodges@LSUCDE.org. Sign-in and continental breakfast begin at 8:00 AM. Course starts at 8:45 AM on Friday and ends at 3:00 PM. Course starts at 8:30 AM on Saturday and ends at 3:30 PM. Both days also include lunch. All courses are subject to change. The latest information is available online at LSUCDE.org.

This conference is presented by the Jack Kent Oral and Maxillofacial Surgery Foundation and managed by LSU Continuing Dental Education

The LSU Continuing Dental Education name is used to represent the long-standing affiliation between LSU School of Dentistry and the Louisiana Academy of Continuing Dental Education, Inc., for the purpose of developing continuing education programs. Louisiana State University School of Dentistry/The Louisiana Academy of Continuing Dental Education, Inc., is an ADA CERP Recognized Provider.

CANCELLATION AND REFUND POLICY: On behalf of the Jack Kent Oral and Maxillofacial Surgery Foundation, LSU Continuing Dental Education/ The Louisiana Academy of Continuing Dental Education, Inc., reserves the right to cancel this conference should circumstances warrant such action, and your tuition will be refunded. If you must cancel your registration for this conference, the Academy will refund your tuition (minus an administrative fee) if the Academy receives written notification of your withdrawal 15 working days prior to the start of the conference. Notification of withdrawal received after the conference begins will result in forfeiture of your entire tuition. NONREFUNDABLE AIRLINE TICKET AND/OR FLIGHT CHARGE: The Jack Kent Oral and Maxillofacial Surgery Foundation Conference and/or LSU Continuing Dental Education cannot be held responsible for the cost of a nonrefundable airline ticket or flight charge in the event this conference is cancelled or rescheduled. EQUALITY OF EDUCATIONAL OPPORTUNITY: Louisiana State University is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, sex, age, or disability.

This activity is presented for educational purposes only. Participants are expected to use their own expertise and judgment while engaged in the practice of oral and maxillofacial surgery. Attendees should check specific details such as drug doses, contraindications, etc., in standard sources prior to clinical application. The content of presentations is provided solely by presenters who have been selected because of their recognized expertise.

The OMS Pearls Conference is presented by the Jack Kent Oral and Maxillofacial Surgery Foundation and managed by LSU Continuing Dental Education. The express purpose of this conference is to provide continuing education in the field of oral and maxillofacial surgery for those in attendance. The statements, ideas, and opinions expressed in this conference are those of the individual participants and in no way should reflect the statements, ideas, and opinions of any specialty certifying organization; any OMS professional or alumni organization; LSU School of Dentistry; The Louisiana Academy of Continuing Dental Education, Inc.; LSU Health Sciences Center in New Orleans and Shreveport; the Department of Oral and Maxillofacial Surgery, LSU School of Dentistry; or others involved in this activity.
