A NEW Course for Dentists and Hygienists:
Local Anesthesia and Nitrous Oxide Update 2015

A review of techniques in local anesthesia and nitrous oxide-oxygen sedation use in dentistry.

Directed & presented by: Dr. Benjamin R. Record

Friday, May 8, 2015
Course Location:
LSU School of Dentistry
1100 Florida Avenue
New Orleans, LA 70119
Phone (504) 941-8193

Sign-In & Continental Breakfast:
7:00 – 8:00 a.m.
Course: 8:00 a.m. – 4:30 p.m.
Course #19-15

7 hours of clinical CDE credit (lecture)
AGD #132 (Anesthesia and Pain Control)

Registration Fees

Early Bird Registration
(by April 27, 2015)
Dentist $295
Hygienist $195

Regular Registration
(between April 27 - May 7, 2015)
Dentist $325
Hygienist $215

Tuition fee includes continental breakfast and lunch.

Overview & Objective

Because many dentists and hygienists administer both local anesthesia and nitrous oxide, LSU Health CDE decided to create a new update course. In the past, only an update course on local anesthesia was available. Now, a new course has been developed with an expanded content that includes not only an update in local anesthesia but also an update in nitrous oxide.

The overall objective of this new update course is to expose you to a variety of local anesthesia and nitrous oxide administrative and management techniques and pearls you can utilize on Monday morning. These techniques and pearls were obtained from both evidence / science based studies and from the experience of practitioners who treat adults, children, and special needs patients such as pediatric, geriatric, medically complex, and disabled patients — all with varying degrees of pain, fear, and anxiety.
Local Anesthesia

Local anesthesia: past, present & future
- Pharmacology review of local anesthesia
- Review of Maxillary injections
- Inferior Alveolar Nerve (IAN) blocks: how to avoid misses all the time

Current controversies / concerns
- Articaine: Is it safe for a mandibular block?
- Calculating doses: a new approach

Emerging science and “new” products
- Electronic Dental Anesthesia
- Use of sodium bicarbonate as a buffering solution
- Reversal agents

Louisiana State Board of Dentistry rules and regs
- Monitoring, documentation, consents...

About the Course Director & Presenter

Benjamin R. Record, DDS
A general dentist in private practice in the Baton Rouge area, Dr. Record received his DDS from LSU School of Dentistry. Prior to entering private practice, he served as director of a dental clinic in Pineville, Louisiana and also served LSU School of Dentistry as Director of the General Practice Residency Program and Assistant Professor in the Department of Comprehensive Dentistry and Biomaterials.

Dr. Record is a very active faculty member for LSU Health Continuing Dental Education in the overall area of sedation dentistry. In addition to being the course director and presenter for this Local Anesthesia & Nitrous Oxide Update course (the newest course in sedation dentistry), he is also course director of the Oral (Enteral) Sedation Introduction Course, the Oral (Enteral) Sedation Review Course, and he is working on the development of a new Local Anesthesia Training Course for Hygienists.

LSU Health Continuing Dental Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP neither approves nor endorses individual courses or instructors nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/CE.

CANCELLATION & REFUND POLICY: The Louisiana Academy of Continuing Dental Education, Inc./dba: LSU Health Continuing Dental Education) reserves the right to cancel any course should circumstances warrant such action. In the event a course is cancelled, the Academy will refund the full tuition. If you cancel your registration for this course, the Academy will refund the tuition you paid (minus an administrative cancellation fee). We must receive your written cancellation request no later than May 1, 2015 by mail, fax at (504) 941-8403, or email at info@lsucde.org. If LSU Health CDE receives notification of your cancellation after the cancellation deadline or after the course begins, this will result in forfeiture of the entire tuition.
