Oral and Maxillofacial
Surgery Pearls II

A One-of-a-Kind Weekend
Continuing Education by Day
The French Quarter Festival into the Night

OMS Pearls II
Friday – Saturday, April 12-13, 2013

The 30th Annual
French Quarter Festival
Thursday – Sunday, April 11-14, 2013

In New Orleans, Louisiana
The OMS Pearls II Conference faculty features twelve outstanding educators and practitioners in oral and maxillofacial surgery and 10 hours of CDE credit over two days. Both days of CDE also include free continental breakfasts, breaks, and lunches.

Course topics include:

- Ambulatory Anesthesia Pearls
- Cosmetic Office Pearls for OMS
- Virtual Surgical Planning Pearls for Orthognathic Surgery
- Oral and Head/Neck Pathology and Complications Pearls
- Surgical and Prosthetic Pearls for Implant Restorations

Each presentation will conclude with a brief discussion with the speaker, moderator, and audience.

The Jack Kent Oral and Maxillofacial Surgery Foundation

The Louisiana Society of Oral and Maxillofacial Surgeons and The LSU Oral and Maxillofacial Surgery Alumni Associations from the programs in New Orleans and Shreveport are proud to join the Jack Kent Oral and Maxillofacial Surgery Foundation (JKOMSF) in sponsoring OMS Pearls.

The LSU OMS Alumni Association, through the efforts of a core group of concerned alumni, has formed the Jack Kent Oral and Maxillofacial Surgery Foundation (JK OMS Foundation) for the purpose of supporting the teaching, research, and service goals of the LSU OMS department in New Orleans. The foundation is a 501(c)(3) organization, and all donations are tax-deductible.

With great pleasure the JK OMS Foundation welcomes Daniel B. Spagnoli, MS, PhD, DDS as the new chairman of LSU Oral and Maxillofacial Surgery effective October 1, 2012. Dr. Spagnoli graduated from West Virginia Wesleyan College with a BS in biology and a minor in chemistry. He received his MS in anatomy and his PhD in anatomy from West Virginia University School of Medicine. He completed a post-doctorate fellowship in cell biology at the University of Pittsburgh and graduated from West Virginia School of Dentistry with a DDS. He completed residency training in oral and maxillofacial surgery at Louisiana State University. Dr. Spagnoli is active in research related to growth factors and tissue engineering and has recently completed four research projects.

ACLS, PALS and BLS Courses Offered

The 2013 JKOMS Pearls course is also offering ACLS, PALS, and BLS courses given by a certified American Heart Association instructor. The courses will be held on Thursday, April 11, 2013, from 2-6 pm also at the New Orleans Marriott. The BLS course will follow the ACLS and PALS courses. You must pre-register by checking off which courses you would like to participate in and submitting the appropriate fees with your general registration fees. Please arrive 15 minutes early to get signed in and receive course materials. The charge is $75 each for ACLS and PALS, and $50 for BLS.

CDE Credit

CDE credit awarded for participation in the OMS Pearls Conference may not apply toward license renewal in all states or meet the requirements of other governing bodies. It is the responsibility of each oral surgeon to verify the requirements of his or her state or governmental licensing board. LSU Health Continuing Dental Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to ADA CERP at www.ada.org/cerp. LSU Health Continuing Dental Education designates the OMS Pearls Conference for a maximum number of 10 credit hours of clinical CDE credit.
French Quarter Festival
Largest Free Festival in the South

After each day of continuing dental education, you will want to head to the French Quarter and soak up one of our city’s best kept secrets: the French Quarter Festival. April 11 marks the beginning of the 30th annual event, which ends after dark on Sunday, April 14. Presented by Capital One Bank, the festival offers local music, food, crafts, and special events, all presented in a one-of-a-kind neighborhood – the historic French Quarter.

With 20 music stages, festival-goers can walk from block to block hearing every genre of music – from traditional and contemporary jazz to R&B and New Orleans funk, brass bands, folk, gospel, classical, opera, Cajun Zydeco, Latin, and international. There’s even a musical stage for children. You’ll also have a chance to sample from over 90 food and beverage booths featuring authentic local cuisine from renowned area restaurants and shop for local crafts and art.

Visit www.fqfi.org to sign up for the festival’s mailing list and receive updates when the music schedule is announced.

Go Online to Book Your Hotel

New Orleans Marriott is the host hotel for OMS Pearls.

Because of our special $199 rate, the hotel’s location, and the fact that all conference sessions will be held at the New Orleans Marriott, why would you want to stay anywhere else? A hotel with old-world charm, the New Orleans Marriott is located at 555 Canal Street, just walking distance from the excitement and fun of the French Quarter Festival. In addition, the hotel is conveniently located near world-famous restaurants, popular night spots, and the Mississippi River. For a map, directions, a photo tour of the hotel, and a visitor’s guide for New Orleans, log onto www.marriott.com/msyla or register by going online to resweb.passkey.com/go/LSUPearls2013 or by calling 1.800.266.9432 and asking for the LSU 2013 Pearls block through March 21, 2013. Wireless internet service is available in public areas of the hotel. Rooms are wired with high-speed internet available for a daily fee.

Please make your travel and hotel reservations as early as possible—ROOMS ARE LIMITED AT THE SPECIAL $199 RATE. To find out more about what will be going on in New Orleans while you are in town, log onto www.visitneworleans.info or call 1.800.672.6124, Monday – Friday, 8:30 AM - 5:00 PM Central Time.
FRIDAY, APRIL 12

7:30 AM - 8:15 AM  Registration and Continental Breakfast

8:15 AM - 8:30 AM  Dr. John N. Kent, Opening Remarks

8:30 AM - 11:00 AM  Airway-Centric Anesthesia – The Ultimate Pearl
Dr. Stuart Lieblich, Moderator
Dr. Robert C. Bosack, Speaker

Anesthesia-related morbidity often involves loss of upper airway tone and/or ventilatory insufficiency, both of which are expected sequelae to intravenously administered drugs such as benzodiazepines, narcotics and hypnotics. With this in mind, several new concepts will be introduced to refocus tenets of office-based, team anesthesia involving patient selection, anesthesia limit setting and team recovery of the lost airway. Novel anesthetic techniques will be introduced which finally will permit accurate titration of anesthetic depth and, more importantly, provide moment by moment control of airway patency, ventilatory rate and blood pressure.

9:30 AM - 10:00 AM  Break

11:00 AM - 12:00 NOON  Streamlined Data Collection for Virtual Planning Pearls in Orthognathic Surgery
Dr. Dan Spagnoli, Moderator
Dr. Brian Farrell, Speaker

Virtual planning for orthognathic surgery is rapidly becoming the standard for management of complex dentofacial deformities. Advances in imaging and virtual surgical planning provide improved insight into the multidimensional nature of the deformity, anatomic relationships at the osteotomy sites, and accurate positioning of the maxilla and mandible to the surgical plan. Modification of the current protocol streamlines data collection to simply the work flow making it more user friendly for the surgeon.

12:00 NOON - 1:00 PM  Lunch

1:00 PM - 3:00 PM  Pearls in Prevention of Nerve Damage
Dr. Myron Tucker, Moderator
Dr. Tony Pogrel, Speaker

Dr. Pogrel will discuss prevention, etiology, evaluation, and treatment of nerve damage in dentistry including nerve damage from local anesthetic injections, endodontic treatment, implants, dentoalveolar and periodontal surgery, and finally, experience with coronectomy for third molar management to reduce incidence of inferior alveolar nerve problems.
SATURDAY, APRIL 13

8:00 AM - 8:30 AM  Continental Breakfast
8:30 AM - 9:30 AM  Cosmetic Office Pearls for OMS
Dr. Brian Farrell, Moderator
Dr. Jon Perenack, Speaker

Over the past five to ten years, numerous advancements in conservative techniques for facial rejuvenation have arrived in the United States. The concept of the "medical spa" has become ingrained in the popular culture. This lecture will discuss many of the newest options available for clinic-provided non-surgical skin tightening and facial rejuvenation. Radiofrequency skin tightening, non-ablative laser therapy and light based modalities will be discussed. Also reviewed will be options for facial revolumizing, including hyaluronic acids, calcium hydroxyapatite, poly-L-lactic acid, methyl methacrylates, and free fat transfer. Skin rejuvenation and muscle modulation with neurotoxins will also be discussed. Appropriate diagnosis and treatment planning with follow-up and complication management will be detailed.

9:30 AM - 10:00 AM  Break
10:00 AM - 11:30 AM  Pearls of Head and Neck Pathology
Dr. Eric Geist, Moderator
Dr. G. E. Ghali, Speaker

Dr. Ghali will discuss the current concepts and evolving trends in the treatment of premalignant and malignant lesions of the oral cavity. Additionally, emphasis will be placed on the epidemiology, diagnosis, and management of the ten most common lesions seen by the practicing oral and maxillofacial surgeon.

11:30 AM - 1:00 PM  Louisiana Society of Oral and Maxillofacial Surgeons Business Meeting and Lunch
1:00 PM - 3:30 PM  Dental Implants Pearls – Collaboration in the 4th Dimension
Dr. Mike Block, Moderator
Drs. George Mandelaris and Alan Rosenfeld, Speakers

Our presentation is based on diagnostic imaging. As we see it, the world is changing and changing fast. Diagnosis, however, does not. Diagnostic imaging serves as the platform for comprehensive and state of the art treatment planning which is personalized, predictable, preventative and proven. We believe that this is the future of interdisciplinary dentofacial therapy. This philosophy also serves as the vehicle to which “the team” then provides high level, state of the art therapy, case sequencing, surgical execution, ultimately leading to prosthetic outcomes based on collaboration from day one. It also provides informed consent in an atmosphere of more enhanced disclosure for all treating parties, including the lab and, most importantly, the patient. Specific topics will be CT guided surgery and surgically facilitated orthodontic therapy concepts.

3:30 PM  Dr. Dan Spagnoli, Closing Remarks
Robert C. Bosack, DDS
Private Practice, Oral and Maxillofacial Surgery
Orland Park, Illinois
Clinical Assistant Professor
Department of Oral and Maxillofacial Surgery
UIC School of Dentistry
Chicago, Illinois

Dr. Bosack graduated from the University of Notre Dame and Loyola University School of Dentistry. He completed his residency in oral and maxillofacial surgery at Cook County Hospital. In addition to private practice, he serves on the faculty of the University of Illinois, is executive director of Dental Anesthesia Online and is authoring a text entitled Peri-Anesthetic Complications in the Dental Office, Wiley-Blackwell publisher.

Brian B. Farrell, DDS, MD
Private Practice, Oral and Maxillofacial Surgery
Charlotte, North Carolina
Clinical Assistant Professor
Department of Oral and Maxillofacial Surgery
LSU Health New Orleans School of Dentistry

Dr. Farrell received his DDS from the University of Iowa College of Dentistry and completed medical school in conjunction with postgraduate training at Louisiana State University in New Orleans. After receiving his MD, he completed a surgical internship in general surgery at Charity Hospital in New Orleans. He completed his oral and maxillofacial surgery residency at the Louisiana State University Health Sciences Center and now practices in Charlotte with University Oral and Maxillofacial Surgery. Dr. Farrell is an assistant clinical professor with LSU School of Dentistry assisting in resident training.

George Mandelaris, DDS, MS
Private Practice, Periodontology
Periodontal Medicine & Surgical Specialists, LTD
Park Ridge and Oakbrook Terrace, IL

Dr. Mandelaris attended the University of Michigan from undergraduate through dental school, and later completed a post-graduate program in Periodontology at the University of Louisville, School of Dentistry. He also holds a Master of Science degree in Oral Biology from the University of Louisville, School of Dentistry. Dr. Mandelaris is a Diplomate of the American Board of Periodontology and is also an examiner for Part II (oral examination) of the American Board of Periodontology certification process. Dr. Mandelaris has published extensively in peer-reviewed journals and contributed several chapters in textbooks used worldwide on subjects related to computer guided implantology and CT diagnostics. Currently, he is President of the Illinois Society of Periodontists as well as on several committees for the American Academy of Periodontology.

Jon D. Perenack, DDS, MD
Clinical Assistant Professor
Residency Program Director
Department of Oral and Maxillofacial Surgery
LSU Health New Orleans School of Dentistry

Dr. Perenack’s practice is almost solely devoted to facial cosmetic and reconstructive surgery. He has received board certification from both the American Board of Cosmetic Surgery in Facial Cosmetic Surgery and American Board of Oral and Maxillofacial Surgery. Dr. Perenack completed fellowship training at the prestigious Facial Plastic and Cosmetic Surgery Center in Texas in 2003. Previously, he completed a six-year residency in Oral and Maxillofacial in New Orleans at LSU Health Sciences Center. He completed medical school at LSU – New Orleans with honors as a member of the Alpha Omega Alpha Honor Society. Dr. Perenack became a full-time faculty member of the LSU Department of Oral and Maxillofacial Surgery in 2003 and has been the Director of Residency Training since 2005. Dr. Perenack has numerous journal and book chapter publications in the cosmetic field to his credit and has spoken on the subject internationally.

M. Anthony Pogrel, DDS, MD
William Ware Endowed Professor and Chairman
Associate Dean for Hospital Affairs
Department of Oral and Maxillofacial Surgery
University of California, San Francisco

Dr. Pogrel received his dental degree from Liverpool University in England and his medical degree from Aberdeen University in Scotland. He received further training in general surgery in Scotland and Oral and Maxillofacial Surgery training in Great Britain, Holland, and Miami, Florida. He was a consultant oral and maxillofacial surgeon near Cambridge in England until 1983 when he joined the full-time faculty of the Department of Oral and Maxillofacial Surgery at the University of California San Francisco. Since 1994, he has been Professor and Chairman of the Department. Dr. Pogrel holds both medical and dental licenses in California and is board certified in oral and maxillofacial surgery. He is a Fellow of the Royal College of Surgeons and the American College of Surgeons as well as the American Association of Oral and Maxillofacial Surgeons. Dr. Pogrel has over 200 publications in the literature centered around the topics of oral pathology including oral cancer and nerve injuries.

Alan Rosenfeld, DDS, FACD
Private Practice, Periodontology
Periodontal Medicine & Surgical Specialists, LTD
Park Ridge and Oakbrook Terrace, IL
Clinical Professor, Graduate Periodontics
The University of Illinois, College of Dentistry
Chicago, IL

Dr. Rosenfeld attended the University of Illinois, College of Dentistry. Following his dental training, Dr. Rosenfeld completed a general practice residency at Michael Reese Hospital in Chicago and later completed his specialty training in Periodontics at the University of Pennsylvania. From 1977-1983, he served as the associate professor of Periodontics and director of the periodontal specialty program at Northwestern University Dental School. He is a Diplomat of the American Board of Periodontology and a Fellow in the American College of Dentists. Dr. Rosenfeld is the editor of “The Art of Computer Guided Implantology,” the first textbook of its kind. He recently received the Award of Excellence from the International Congress of Oral Implants for his pioneering work in the use of CT scans for implant treatment planning and guided surgery. Dr. Rosenfeld is a Clinical Professor of Periodontology at the University of Illinois, College of Dentistry, where his chief responsibilities include teaching residents in periodontal plastic surgery and implant surgery.

This conference is presented by the Jack Kent Oral and Maxillofacial Surgery Foundation and managed by LSU Health Continuing Dental Education.

The LSU Health Continuing Dental Education name is used to represent the long-standing affiliation between LSU Health New Orleans School of Dentistry and the Louisiana Academy of Continuing Dental Education, Inc., for the purpose of developing continuing education programs. LSU Health Continuing Dental Education is an ADA CERP Recognized Provider.

CANCELLATION AND REFUND POLICY: On behalf of the Jack Kent Oral and Maxillofacial Surgery Foundation, LSU Health Continuing Dental Education/The Louisiana Academy of Continuing Dental Education, Inc., reserves the right to cancel this conference should circumstances warrant such action, and your tuition will be refunded. If you must cancel your registration for this conference, the Academy will refund your tuition (minus an administrative fee) if the Academy receives written notification of your withdrawal 15 working days prior to the start of the conference. Notification of withdrawal received after the conference begins will result in forfeiture of your entire tuition. NONREFUNDABLE AIRLINE TICKET, FLIGHT CHARGE, OR HOTEL RESERVATION: The Jack Kent Oral and Maxillofacial Surgery Foundation Conference and/or LSU Health Continuing Dental Education cannot be held responsible for the cost of a nonrefundable airline ticket, flight charge, or hotel reservation in the event this conference is cancelled or rescheduled.

EQUALITY OF EDUCATIONAL OPPORTUNITY: Louisiana State University is committed to equality of educational opportunity and does not discriminate against applicants, students, or employees based on race, color, national origin, religion, sex, age, or disability.

NO RECORDING DEVICES OR CELLULAR PHONES WILL BE ALLOWED IN THE LECTURE ROOM.

This activity is presented for educational purposes only. Participants are expected to use their own expertise and judgment while engaged in the practice of oral and maxillofacial surgery. Attendees should check specific details such as drug doses, contraindications, etc., in standard sources prior to clinical application. The content of presentations is provided solely by presenters who have been selected because of their recognized expertise.

The OMS Pearls Conference is presented by the Jack Kent Oral and Maxillofacial Surgery Foundation and managed by LSU Health Continuing Dental Education. The express purpose of this conference is to provide continuing education in the field of oral and maxillofacial surgery for those in attendance. The statements, ideas, and opinions expressed in this conference are those of the individual participants and in no way should reflect the statements, ideas, and opinions of any specialty certifying organization; any OMS professional or alumni organization; LSU Health New Orleans School of Dentistry; The Louisiana Academy of Continuing Dental Education, Inc.; LSU Health Sciences Center in New Orleans and Shreveport; the LSU Department of Oral and Maxillofacial Surgery, LSU Health Continuing Dental Education; or others involved in this activity.
