Dentistry for the Pediatric Patient
The 9th Annual Clifton O. Dummett Jr. Memorial Lecture
Friday & Saturday, September 11-12, 2015
at LSU School of Dentistry in New Orleans

Happy, Bashful, Sleepy, Sneezy, Dopey & Grumpy –
Hey Doc, Which Child Should I Sedate?

LSU Health Continuing Dental Education is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at ADA.org/CERP. LSU Health Continuing Dental Education designates Friday’s lecture for a total of 7 hours of clinical CDE credit and the Friday lecture and Saturday morning workshop for a total of 11 hours of clinical CDE credit.
Course Location

Both days of the course (Friday and Saturday, 9/11-12/15) are held at LSU School of Dentistry located in the Mid-City area of New Orleans near beautiful City Park and historic Bayou St. John. If you are staying at a downtown hotel in or near the French Quarter, the distance to the dental school is approximately five miles or a twenty minute taxi ride. If you are driving to the dental school, free parking is available in the patient and visitor parking lots located across from the dental school at 1100 Florida Avenue.

Travel & Hotel Reservations

Courtyard New Orleans Downtown Iberville
910 Iberville Street • New Orleans, LA 70112
- Room rates - $162/night plus applicable taxes
- Group name: LSU Health CDE Dummett
- Hotel reservation number: 800-321-2211 or 504-523-2400
- Hotel website - book your group rate for LSU CDE Dummett Memorial Lecture Room Block
- Hotel reservation cutoff date: August 20, 2015
- Hotel rates good through: September 10-13, 2015

Presenter & Workshop Leader

Sarat “Bobby” Thikkurissy, DDS, MS
Professor and Director of the Advanced Education Program in Pediatric Dentistry at Cincinnati Children’s Hospital, Dr. Thikkurissy obtained his DDS from New York University. He completed the program in Advanced Education in General Dentistry at Wright Patterson and was in active duty in the U.S. Air Force for eight years, serving as Chief of Pediatric Dentistry at Ramstein AFB in Germany. Dr. Thikkurissy obtained his Certificate in Pediatric Dentistry as well as a Master’s Degree from The Ohio State University College of Dentistry/Nationwide Children’s Hospital. He was Director of the Predoctoral Program in Pediatric Dentistry from 2006-2011 and Director of Inpatient Dental Services at Nationwide Children’s Hospital from 2010-2013. Dr. Thikkurissy is a Diplomate of the American Board of Pediatric Dentistry, serves as current chair of the AAPD Committee on Sedation and Anesthesia, and is the AAPD representative on the ADA Committee on Dental Education and Licensure group on Sedation. He has also published in the areas of morbidities, quality of life, and pain management in children.
FRIDAY LECTURE

Presented by Sarat “Bobby” Thikkurissy, DDS, MS
Happy, Bashful, Sleepy, Sneezy, Dopey & Grumpy – Hey Doc, Which Child Should I Sedate?

Overview
The spectrum of pharmacologic behavior guidance techniques in pediatric dentistry includes procedural sedation. In the morning session, Dr. Thikkurissy will outline the current state of procedural sedation in pediatric dentistry, including potential legislative and practice act changes that may impact HOW we sedate, train and document. The remainder of the morning will be spent covering, in a decision tree-fashion, which child may be appropriate for procedural sedation and which child may present a lower chance of success. Literature on behavioral development and sedation morbidity will be examined. He will also examine the possibly fading role of passive immobilization/the papoose board in pediatric dentistry. Transitioning into the afternoon, Dr. Thikkurissy will focus on: the specific points in successfully completing a procedural sedation; local anesthetic toxicity and techniques; formalizing pre-sedation evaluations and preparation of the operatory for sedation. Closing out the session, he will do an in-depth examination of physiologic monitors and show how to identify the numbers in an integrative manner.

Objectives
After attending the morning and afternoon presentation, you will have learned:
• Trends among state dental boards, and professional organizations who determine sedation guidelines, and future hot-bed topics in procedural sedation

Friday (lecture) and Saturday (workshop)
September 11-12, 2015 • Course #35-15 • AGD #430 • For Dentists & Staff

Staff members in both general dentistry and pediatric dentistry practices are encouraged to attend the Friday lecture and Saturday workshop with their dentists.

★ EARLY BIRD FEE ★
Register by 8/14
Dentist $725
Staff $235
11 hours clinical CDE credit (7 hrs. lecture & 4 hrs. participation) Friday & Saturday

REGULAR FEE ★
Register 8/15-9/8
Dentist $775
Staff $275

Registration fee includes handout materials and continental breakfast.

What red flags may indicate a child who either behaviorally or medically will be an ineffective procedural sedation
How eczema and food allergies are related to asthma and how any of these may signal caution when sedating
How to utilize Capnography in procedural sedation for children
Elements of a sedation case work-up that can prevent unexpected outcomes

Saturday Workshop

Presented by Sarat “Bobby” Thikkurissy, DDS, MS

The Eye of the Storm: 20 Case-based Scenarios on Medical Emergencies

Overview
The best practice for a medical emergency in your office is being prepared. Cases of sedation morbidity have been widely reported in which the child’s distress and compromise was not recognized until it was too late. This workshop will utilize 20 case based scenarios to outline recognition, assessment and management in 4 topical areas: Respiratory Depression, Anaphylaxis/Allergy, Airway Obstruction and Utilization of the Dental Team. The last topic will specifically examine risk management principles in how your office should be set up and how your staff should be deployed in an emergency. Attendees will utilize Turning Point audience participation technology to collectively walk through scenarios with Dr. Thikkurissy facilitating discussion and highlighting key concepts for understanding. Attendees should be able to incorporate scenarios into their staff huddles to keep the entire office one step ahead of a medical emergency.

Objectives
After attending the workshop, you will have learned:
• The early signs of respiratory depression and how to manage it
• How to utilize Capnography to recognize respiratory distress
• How to discern types of allergic reactions and how to manage anaphylaxis
• Strategies and techniques for keeping office staff poised and prepared for medical emergencies

NONREFUNDABLE AIRLINE TICKET, FLIGHT CHANGE, OR HOTEL RESERVATION: The Louisiana Academy of Continuing Dental Education, Inc. (d/b/a LSU Health Continuing Dental Education) cannot be held responsible for the cost of a nonrefundable airline ticket, flight change, or hotel room reservation in the event a course is cancelled or rescheduled.

CANCELLATION & REFUND POLICY: The Louisiana Academy of Continuing Dental Education, Inc. (d/b/a LSU Health Continuing Dental Education) reserves the right to cancel this course and workshop should circumstances warrant such action. If this course and workshop is cancelled, you will receive a refund (minus an administrative cancellation fee of 10% of the full tuition) if LSU Health Continuing Dental Education receives written notification by August 28, 2015.Notification of cancellation received after August 28, 2015 or after the course begins will result in forfeiture of your entire tuition.

EQUALITY OF EDUCATIONAL OPPORTUNITY: The Louisiana Academy of Continuing Dental Education, Inc., LSU Health Continuing Dental Education, and LSU School of Dentistry are committed to equality and do not discriminate against applicants, students or employees based on race, color, national origin, religion, sex, age or disability.

NEW KNOWLEDGE RELATED TO DENTAL PRACTICE: Dental educational institutions have an obligation to disseminate new knowledge related to dental practice. In so doing, some presentations may include controversial materials or commercial references. Participants are cautioned about the potential risks of using limited knowledge when incorporating techniques and procedures into their practices, especially when the course has not provided them with supervised clinical experience in the technique or procedure to ensure that they have attained competency. Providership or partial providership of a continuing education course by LSU Health Continuing Dental Education does not necessarily imply endorsement of a particular philosophy, procedure or product.

CONTINUING EDUCATION CREDIT: C.E. credit awarded for participation in a course or activity may not apply toward license renewal in all states. It is the responsibility of each participant to verify the requirements of his or her state licensing board. NO RECORDING OR CELLULAR DEVICES IN LECTURE ROOM OR LAB.
